BUY 5 GET ONE FREE

MAGNETIC HID

Get Ready for HID Season by Stocking Up!

Proper lighting is necessary as it begins to get darker earlier in the evening. Lights may burn out over the summer. In the Fall, light output is re-evaluated with the need for longer operating hours. Old lamps and ballasts may need replacing at this time. Be prepared for the increase in HID replacement needs with this special offer. For a limited period, Universal invites all distributors to stock up with the Buy 5, Get 1 FREE offer on **all magnetic HID**.
