Dear KOMEE Sales Team,

The U.S. Department of Commerce and the U.S. Trade representative (USTR) have published tariff increase on over \$200 billion in imported products from China, including lighting components, lighting fixtures, and lighting controls. This tariff, known as Section 301 List 3, imposes 10% tax on all listed products as of Sept. 24, 2018, and will increase to 25% on May 10, 2019.

Therefore, our previously announced increase will be implemented and effective on May 20, 2019. The last day for entry and shipping release of orders at current price is May 24, 2019. All orders entered or released for shipping after this date will be invoiced at the new prices, without exception.

Effective May 20, 2019, 0.09 multiplier to be calculated based on current price in accordance to tariff.

New price list will be published to all sales partners no later than May 13, 2019. Please feel free to reach us if you have any question.

Thank you for your support and best regards,

Matt Fang
